How does what they do connect with Newbern's mission?

The story of Hope India Mission's partnership with Newbern Alliance Church offers a blueprint of how a healthy church can help transform a weaker church and win hundreds of souls in foreign soil for the Lord.

Eight years ago, I had my first visit to Newbern Alliance Church where I met zealous servants of God like pastor Isaac Wong and many other friends. I was then invited to a prayer walk service as a long-lasting friendship and partnership began. The following year onwards, I was invited to preach at English & Chinese services.

In 2015, pastor Isaac Wong and Sister Mable Wong visited a small congregation in Bihar. They drove 10 hours by road to reach a remote village where its believers had no place of worship of their own. Knowing the need, they decided to sponsor a church building in Kishanganj of Bihar State. After the dedication is complete, the church building has dramatically triggered the growth of evangelical activity in and around its villages. Now the church has a permanent pastor in charge to cater to the spiritual needs of its believers. Timely awakening seminars and crusades attract hundreds of people to the church transforming this 'once dry land' into a fertile for the Lord. All glory to God Almighty for making it possible through Newbern Alliance Church.

The friendship and partnership didn't just end there. Newbern Alliance Church came forward to support yet another congregation in West Bengal by constructing a beautiful village church. This church is now reaching out to a number of Nepali migrant communities who also constitute the majority of the believer community. Another church in Chhattisgarh State, among remote and tribal communities, was recently completed while funds for yet another church is awaiting clearance. We are now privileged to serve about 1000 believers throughout these churches just because of the men and women of God at Newbern Alliance Church.
